Associate Professor Sonny Palmer is a Consultant Cardiologist with subspecialty expertise in Coronary and Structural Heart Intervention.

Sonny is the clinical lead for the new Structural Heart Program at Knox Private Hospital, where TAVI (Transcatheter Aortic Valve Implantation) will be a new treatment option for patients with Aortic Stenosis.

Sonny graduated from The University of Melbourne and completed his clinical training in Cardiology at St Vincent's Hospital, Melbourne. He then completed subspecialty training in Coronary and Structural Heart Intervention at St Vincent's Hospital and James Cook University Hospital, Middlesbrough, United Kingdom.

Sonny is the Clinical Lead of the Structural Heart Program at St Vincent Hospital. He is a Proctor and helps train future interventional and structural cardiologists.

Sonny was awarded a Doctorate at The University of Melbourne in 2016. He was the recipient of the prestigious National Health and Medical Research Council (NHMRC) and National Heart Foundation (NHF) scholarships. He has been involved in several pioneering interventional trials, is actively involved in clinical research and is a supervisor of higher research degree candidates, FRACP physician trainees, junior doctors and Doctor of Medicine students.

A/Prof Sonny Palmer's sub-specialty interest areas include:

- Coronary Artery and Ischaemic Heart Disease
 - Cardiovascular risk factor management
 - Coronary angiography & percutaneous coronary intervention
 - CT coronary angiography
- Structural Heart Disease
 - Valvular heart disease (aortic, mitral and tricuspid)
